

## Face To Face

Hanker

Come my friends  
I'll lead you to dreamland  
Take my hand I swear  
Come my friends  
I'll take you all there  
Take my hand I'll care

Bridge:  
See everyone I know  
I tell no lies!  
See everything I show  
You can trust me I won't lie!

Chorus:  
Face to face  
With the one who knocked me down  
Face to face  
With the one who put me down

I'm late my friend, I did not forget dreamland  
Take my hand I swear  
Wait my men; I'll take you all there  
Shake my hand I swear

Repeat Bridge

Repeat Chorus

...who put me down!

Special:  
I don't care what you're being up to  
I don't care where you've been hiding  
I don't care why you've been so lame  
You will burn in hell!

Repeat Chorus
