

# Fire

Hanker

You've been complaining all your life  
You've been whining dragging you down  
Lost in a thousand lies  
Pretending that you've tried  
Open your eyes there is a light  
Feel the fire!

You've been restraining all your ties  
You've been lying putting me down  
Lost in a million sighs  
Pretending that they've lied  
Open your mind there is no lie

Bridge:  
No time to wait  
Make sure you feel right  
Time to awake  
It's time to feel the...

Chorus:  
Fire! Fire! Just for you  
Fire! Fire! It's all in you  
Fire!

Open your mind there is no lie  
Open your eyes there is a light

Repeat Bridge

Final Chorus:  
Fire! Fire! Just for you  
Fire! Fire! It's all in you  
Fire! Fire!  
Fire! Fire! Just for you  
Fire!
