

## First To Know

Hanker

Now that you know, you wanna go  
I've told you so  
I tell you no lie, if you wanna try  
Please! Let me know

Hide your feelings  
Hide your face from me  
Hide your tears and  
Cry away from me

How can I show you things that I know?  
I can't hold you so  
You still wanna try, you wanna fly  
Does the wind blow?

Hide your feelings  
Hide your face from me  
Hide your tears and  
Cry away from me

Pain! As you go away  
Pain! As you know the way

Ain't no way to fly  
Ain't no way to cry  
Ain't no way to try  
Ain't no way to die

Now that you go, I wanna know  
If you've told me so  
Ain't told you to try, ain't told you to lie  
Please let me go!
