

The Infernal Depths Beneath

Hanker

I've been playing all those years
Don't care what you might say
I've been singing all my fears
Don't care who you might pray

Bridge I:
I've been running with the devil
Even if it's lame
I've been reaching out for God
He doesn't feel the same

Chorus:
Crashing down in hell
Ain't feel well
Rise again
Break the spell

I've been talking no one hears
It's always been the same
I've been screaming no one fears
It's always been in vain

Bridge II:
So I've been dealing with the devil
I know, I'm ashamed
I've been crying out for God
He doesn't feel my pain

Repeat Chorus

Special:
Ain't no place to dwell... Down in hell!

I've been running all those years
It's always been in vain
I've been pushing all my fears
They've always been the same

Bridge III:
So I'm still dealing with the devil
He is not ashamed
He's been laughing damn so loud
For he has won the game

Final Chorus:
Crashing down in hell
Ain't no place to dwell
Crashing down in hell
I ain't feel well
Crashing down in hell
Do you really care?
Crashing down in hell
We do need help
To break the spell!
To break the spell!
To break the spell!
To break the spell!

Crashing down in hell!
