

Fade Away

Hannah DiAmond

Maybe you've given up
Maybe it's just my luck
Wish we could talk things through
Wish I could click undo

Don't know what you've got
'Til it's gone and then you'll see
If it's me you like
Or the way I make you feel
Alive
But so dead inside
Are we just a memory?
Already fading

Already fading...

Day after day
You fa-a-a-ade awa-a-a-ay
From me
Baby, please
Just sta-a-a-ay, don't fa-a-a-ade away

I always thought I'd be
The picture saved on your screen
Now it's of something else
What does that even mean?

Don't know what you've got
'Til it's gone and then you'll see
If it's me you like
Or the way I make you feel
Alive
But so dead inside
Are we just a memory?
Already fading

Already fading...

Day after day
You fa-a-a-ade awa-a-a-ay
From me
Baby please
Just sta-a-a-ay, don't fa-a-a-ade away

Fade away from me
Fade away from me
Fade away from me
Fade away from me
Fade away from me
Fade away from me
Fade away from me
Fade away
Fade away
Fade away
Fade away

Day after day

You're fa-a-a-ade awa-a-a-ay
From me
Baby please
Just sta-a-a-ay, don't fa-a-a-ade away

Fade away from me
Fade away from me
Fade away from me
Fade away from me
Fade away from me
