

Hi

Hannah DiAmond

Sometimes it feels like
You're simply looking right through me
Do you think that's just the way it is?
I'll never know
Baby, I wish that
We could just meet at a party
I think we could have great chemistry
If you notice me
I can imagine
You looking deep into my eyes
I know that you're on the other side
And now I'm dreaming
Tell me you know me
And that you miss me already
Baby, are you with me, is it real?
I don't know

I don't want to be alone in my bedroom
Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say
"Hi"

So I see you looking right at me
Do I look like someone that you know?
I'll never know
Feels like I know you
But all I have is your picture
But I think that you look pretty good
You know you do
Feels like I miss you
But is it really the real you?
You say you're as real as it gets
What do you mean?
Tell me a secret
Or something that only you know
I just need to know a little more
About you

I don't want to be alone in my bedroom
Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say
"Hi"

Wishing, watching, waiting, for you
Wishing, watching, waiting, Hi
I don't want to be alone in my bedroom

I don't want to be alone in my bedroom
Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Wasting time

I don't want to be alone in my bedroom
Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say

"Hi! Oh my god, it's so good to see you!"
