## **Hannah DiAmond**

Sometimes it feels like You're simply looking right through me Do you think that's just the way it is? I'll never know Baby, I wish that We could just meet at a party I think we could have great chemistry If you notice me I can imagine You looking deep into my eyes I know that you're on the other side And now I'm dreaming Tell me you know me And that you miss me already Baby, are you with me, is it real? I don't know

I don't want to be alone in my bedroom Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say
"Hi"

So I see you looking right at me
Do I look like someone that you know?
I'll never know
Feels like I know you
But all I have is your picture
But I think that you look pretty good
You know you do
Feels like I miss you
But is it really the real you?
You say you're as real as it gets
What do you mean?
Tell me a secret
Or something that only you know
I just need to know a little more
About you

I don't want to be alone in my bedroom Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say
"Hi"

Wishing, watching, waiting, for you Wishing, watching, waiting, Hi I don't want to be alone in my bedroom

I don't want to be alone in my bedroom Writing messages you won't read I don't want to be alone in my bedroom On the internet Wasting time

I don't want to be alone in my bedroom Writing messages you won't read
I don't want to be alone in my bedroom
On the internet
Waiting to say

"Hi! Oh my god, it's so good to see you!"
