

Make Believe

Hannah DiAmond

I could draw pictures of you, baby
I got your face in a book, baby
It's like you're with me inside my head
Whenever I miss you I see you there
I want to take you along with me
Don't go now

Do you look at me, I look at you
You say the words I want to hear
You hold my hand, I shed a tear
I close my eyes thinkin' of you
You make it real and I believe
'Cause when you speak, visions appear
You look at me, I look at you
You say the words "I love you"

I make believe with you
I make believe
I make believe with you, with you
I make believe with you
I make believe
I make believe with you, with you

I could get so lost with you, baby
I've got a daydream for two, baby
You could be with me all of the time
We'll never be lonely inside my mind
I want to take you along with me
Don't go now

Do you look at me, I look at you
You say the words I want to hear
You hold my hand, I shed a tear
I close my eyes thinkin' of you
You make it real and I believe
'Cause when you speak, visions appear
You look at me, I look at you
You say the words "I love you"

I make believe with you
I make believe
I make believe with you, with you
I make believe with you
I make believe
I make believe with you, with you

I make believe
I make believe
I make believe with you
I make believe
I make believe
I make believe with you

I make believe with you
I make believe
I make believe with you, with you
I make believe with you

I make believe
I make believe with you
I make believe
I make believe with you, with you
