

## The Ending

Hannah DiAmond

Boy, stop pretending  
This can't be the ending  
You know that I like you  
Much more than a friend, see  
You said that you've been thinking  
Things need time to sink in  
But when I'm without you  
I can't stop my heart sinking

Going or gone  
You're going or going or gone  
You're going or going or gone  
Don't know if I'm coming or going  
Or coming or going or going or gone  
Going or gone, gone, gone  
You're going or going or gone  
You're going or going or gone  
Don't know if I'm coming or going  
Or coming or going or going or gone

Can't sleep, (can't sleep)  
Where are you?  
Can't stop thinking about (What we've been through)  
Every night I close my eyes but I'm awake  
(Cause all the dreams we had, you took away)  
Got your text, you say we're done  
But I know what you're like  
It's not over yet

Boy, stop pretending  
This can't be the ending  
You know that I like you  
Much more than a friend, see  
You said that you've been thinking  
Things need time to sink in  
But when I'm without you  
I can't stop my heart sinking

Going or gone  
You're going or going or gone  
You're going or going or gone  
Don't know if I'm coming or going  
Or coming or going or going or gone  
Going or gone, gone, gone  
You're going or going or gone  
You're going or going or gone  
Don't know if I'm coming or going  
Or coming or going or going or gone

Made your choice (Your choice)  
Can't hear my voice (Goodbye)  
You'll miss me when you're gone  
(Now you're gone)  
You made me feel loved  
(Like how it feels in a movie  
Now it's a film I don't wanna see)  
First it's off and then it's on

Don't know if I'm coming or going  
Or coming or going or going or gone

Boy, stop pretending  
This can't be the ending  
You know that I like you  
Much more than a friend, see  
You said that you've been thinking  
Things need time to sink in  
But when I'm without you  
I can't stop my heart sinking

Stop my heart sinking (stop my heart sinking)  
Stop my heart sinking (stop my heart sinking)  
Stop my heart sinking  
Stop my heart sinking  
Stop my heart sinking

(Coming or going or going or going or gone  
Going or going or going or gone)  
Going or going or going or gone  
Going or going or going or gone  
Going or going or going or gone  
Going or going or going or gone  
Going or going or going or gone  
Going or going or going-
