

Replaceable

Hannah Ellis

We all got a favorite sweater
For cold weather
But if the threads all start unwinding
You can just grab the one behind it

We've all had a Goodyear fail
From a nail
Or an interstate pothole speed bump
That's why you got a spare one in the trunk

Most things in life ain't one of a kind
Yeah, it might be a pain the wallet
But you'll be just fine

If your truck caught fire in the drive, baby, you could buy a new one
If you drink the last drop of your top-shelf,
you could always find some
You can fix it if it's breakable
You can switch it if it's changeable
Yeah, everything's replaceable but me

You could say my love is rare
But honey, there ain't ever gonna be another like me
Like a double strike of lightning, unlikely

Most things in life ain't one of a kind
But as long as you don't lose me
You'll be just fine, yeah

If your truck caught fire in the drive, baby, you could buy a new one
If you drink the last drop of your top-shelf,
you could always find some
You can fix it if it's breakable
You can switch it if it's changeable
Yeah, everything's replaceable but me

If your truck caught fire in the drive, baby, you could buy a new one
If you drink the last drop of your top-shelf,
you could always find some, yeah
You can fix it if it's breakable
You can switch it if it's changeable
Yeah, everything's replaceable but me
