

Broke

Hannah Grace

Tell me how to be like you
Live my life as someone new
'Cause every day the same pain begins to feel okay
But every night I close my eyes and it's there again

When you're down on the floor
Cut to the bone
Keep on breaking when you're broke
When time doesn't heal
It just seems to make it worse
Yeah it's gotta make you wonder
How it's supposed to make you stronger

I know I gotta wait in line
For good things only come with time
But every day the same pain begins to feel okay
But every night I close my eyes and it's there again

When you're down on the floor
Cut to the bone
Keep on breaking when you're broke
When time doesn't heal
It just seems to make it worse
Yeah it's gotta make you wonder
How it's supposed to make you stronger

When all you feel is cold
You don't know what you're feeling
When all you need is gone
There's nothing left but needing
Can't walk in the light
You're scared of the dark
Can't be who you were
Can't be who you are
No one wants to know you
Nobody knows

Nobody knows when you're down on the floor
Cut to the bone
Keep on breaking when you're broke
When time doesn't heal
It just seems to make it worse
Yeah it's gotta make you wonder
How it's supposed to make you stronger
Yeah it's gotta make you wonder
How it's supposed to make you stronger
