

Devoted

Hannah Grace

To you I'm devoted
I hope that you know this
You have my time, you have my words
'Cause I know your worth

To you I am always
Always a friend
I'll listen to you, whenever you're blue
To you I am always

And when it gets hard
And you can't even start
Before you begin
And you struggle to be
Everything that you are
And you can't seem to win

Oh I'll be devoted
And I hope that you know this
You have my time, you have my words
'Cause I know your worth

Oh I'll be devoted
Oh I know that you know this
You have my time, you have my words
'Cause I know your worth
You have my time, you have my words
'Cause I know your worth
