

Oh River

Hannah Grace

Oh, river flow, where you running to, my friend?
Oh, river hold onto hope so we can still pretend

Another day will fall away, slowly
Need a change to stay the same, if only

Be with the ones you're with
Time is love so let it live
If we let go, if we let go, it's gone
Be with the ones you're with
Water rushing 'round my head
If we let go, if we let go, it's gone

Save what we know, what we have done will come back 'round again
Pray it takes me home, river flow will it ease my pain?

Under the rain, we slip away, slowly
Need a change to stay the same, if only

Be with the ones you're with
Time is love so let it live
If we let go, if we let go, it's gone
Be with the ones you're with
Water rushing 'round my head
If we let go, if we let go, it's gone

Oh, river flow, where you running to, my friend?

Be with the ones you're with
Time is love so let it live
If we let go, if we let go, it's gone
Be with the ones you're with
Water rushing 'round my head
If we let go, if we let go, it's gone
