

# Wasted Love

Hannah Grace

Hey, I see you, babe  
You're in deep blue  
Your heartache  
Though it's shaking you  
Just you wait  
It's the making of you  
The making of you

It's not wasted, wasted love  
If you made it  
It's not wasted love  
I see it in your eyes overflowing every time  
You say that you gave it away  
Love is not wasted, wasted love

Why, I don't know why  
It comes and goes overnight  
Don't keep it close  
Don't hold back the tide  
The ocean don't run dry

So it's not wasted, wasted love  
If you made it  
It's not wasted love  
I see it in your eyes overflowing every time  
You say that you gave it away  
But it's not wasted, wasted love

Ain't it funny what we go through?  
Oh, there's nothing that we won't do  
Just to give it to someone  
Sometimes it takes a little breaking  
To find a love worth making  
Go and give it to someone

Who won't waste it, wasted love  
If you made it  
It's not wasted love  
I see it in your eyes overflowing every time  
You say that you gave it away  
Love is not wasted, wasted love  
There's no waste in wasted love

Your heartache  
It's the making of you (Your heartache)  
It's the making of you (Your heartache)  
(Your heartache) Ha-yeah-oh  
(Your heartache) Ooh  
(Your heartache) Ooh  
(Your heartache) Ah  
(Your heartache) Ah  
(Your heartache) Hm
