

# Changed

Hannah Kerr

I've been to the bottom  
I've been to the edge  
And I've been down that road that led to failure and regret  
Oh, but I've been to the one who wrote his love for me in red  
And I've been changed

I've been hearing voices  
That sound a lot like shame  
They try to keep me locked up  
And say I'll always wear those chains  
But they're talking to the old me  
And I don't answer to that name  
Cause I've been changed

He changed my weeping to rejoicing  
And my guilty into grace  
Changed a list of wrongs behind me  
Into a past erased  
He changed my wounded into healing  
And my broken into praise  
It's a miracle of mercy  
That I'm standing here today  
Changed  
I've been changed

From a sinner stuck in old ways  
To a child that he made new  
He saw all the messes I made  
And said "I still have plans for you"  
Now I'm a living testimony  
There's nothing god can't do  
Cause I've been changed

He changed my weeping to rejoicing  
And my guilty into grace  
Changed a list of wrongs behind me  
Into a past erased  
He changed my wounded into healing  
And my broken into praise  
It's a miracle of mercy  
That I'm standing here today  
Changed  
I've been changed

So, come and find forgiveness  
Let your heart believe  
That no matter where you've been  
You're just one step away from free  
Let my story be the proof  
That anyone can be changed

He changed my weeping to rejoicing  
And my guilty into grace  
Changed a list of wrongs behind me  
Into a past erased  
He changed my wounded into healing  
And my broken into praise

It's a miracle of mercy  
That I'm standing here today  
Changed  
I've been changed  
I've been changed
