

Simple

Hannah Kerr

You see right through my defenses
Your love goes straight to the heart
You don't need lights or agendas
To prove who You are, who You are

Every time I complicate it
Every time I stand in Your way
Bring me back to Your grace

It's so simple, it's so sweet
From the start, it's always been Your love for me
There's no perfect offering
An open heart is all You really want from me
It's so simple

A mystery so much greater
More than I could understand
No way that I could explain why
You take me as I am
But You take me as I am

It's so simple, it's so sweet
From the start, it's always been Your love for me
There's no perfect offering
An open heart is all You really want from me
It's so simple
It's so simple

You make it easy to trust You
Cause all Your promises are true
You make it easy to love You
And it's all I wanna do

It's so simple, it's so sweet
From the start, it's always been Your love for me
There's no perfect offering
An open heart is all You really want from me
It's so simple
It's so simple
