

# Let's Dance

Hannah Montana

The weekend's almost done  
The moon is low in the sky  
I feel like going out  
Before the night passes by  
I won't just sit around  
When life becomes a drag  
I dance

I like the bass - turn it up, turn it up, turn it up  
I like the boom - turn it up, turn it up, turn it up  
I need guitar - turn it up, turn it up, turn it up  
I like that drum - when they goes...boom boom boom

Let's dance  
What the weekend, what the night is all about  
Let's dance  
Grab your girlfriends, grab your boyfriends  
Sweat it out  
Let's Dance  
Move your whole body  
Let's start the party  
Too much rock for one girl can make her go crazy  
I need someone to dance with me baby  
Dance

The music's on - turn it up, turn it up, turn it up  
My favorite song - turn it up, turn it up, turn it up  
The beat is strong - turn it up, turn it up, turn it up  
And we'll dance

Come on

Let's dance  
What the weekend, what the night is all about  
Let's dance  
Grab your girlfriends, grab your boyfriends  
Sweat it out  
Let's Dance  
Move your whole body  
Let's start the party  
Too much rock for one girl can make her go crazy  
I need someone to dance with me baby  
Dance

Come on  
Turn it up  
yeah

When the night says hello  
Yeah, get ready to go  
Turn it up, turn it loose  
Yeah you've got no excuse  
Just take a chance  
Get out on the floor and dance

Let's dance  
What the weekend, what the night is all about

Let's dance  
Grab your girlfriends, grab your boyfriends  
Sweat it out  
Let's Dance  
Let's start the party  
Dance with me, dance with me, dance with me, dance  
Let's dance  
What the weekend, what the night is all about  
Let's dance  
Grab your girlfriends, grab your boyfriends  
Sweat it out  
Let's Dance  
Move your whole body  
Let's start the party  
As soon as my album goes number one  
Mr. Lim I'd like a Rolex with 40 diamonds
