

# Bittersweet

Hanson

So much for just you and me  
We gave that life up more than once  
The simple things that used to be, so easy just the two of us  
Change can be bittersweet  
The sweeter things, I'd never see without you

June bugs and pickup trucks is the life I lead these days  
And sometimes it gets to be too much  
I would never change it  
And in everything I see your face, the beauty of a mother's grace  
I love you

Everyday people just fall apart  
For no other reason, than one stops trying and one stops loving  
anymore  
Who will fight for us when the seems start coming out  
I will  
'Cause I love you

Looking forward to growing old and watching you turn grey  
And if you don't mind I would like to go first  
Because without you I wouldn't live a day  
In everything you've given me a life I could have never dreamed  
I love you

I love you  
I love you more  
I love you
