

Cold as Ice

Hanson

Whoo
Hit it
Oh hoo
Come on Tay do some percussion on those keyboards, come on now
Woo ho ho

I'm her Rock of Ages, she's My Amazing Grace
I'm her House of Pain, and she's my Ace of Base
I'm her 90s' Revival, Hacky sack kicks
I'm a human jukebox, I play all the hits

And she's cold, cold as ice
And every single word she says is frozen twice
And all the love that we once had, it's gone
And when she hits the dance floor
She turns me on, whoo

She's cold as ice
She's cold as ice

She rips my heart out, she rocks my soul
She rips my heart out to make me whole
She breaks my spirit, she blows my mind
She pawns my watches to buy me time

And she's cold, cold as ice
And every single word she says is frozen twice
And all the love that we once had, it's gone
Until she hits the dance floor
And turns me on

She's cold as ice
Mm, she's cold as ice
When she hits the dance floor, she really turns me on
She's cold as ice

Tay take it, come on now
Come on David get funky

She walks on water, she plays with fire
Shakes a tail feather, she'll drive you wild
She spikes the coffee, she burns the toast
She the one hot mama, that I love the most

And she's cold, cold as ice
And every single word she says is frozen twice
And all the love that we once had, it's gone
But when she hits the dance floor, whoo
She really turns me on

She's cold as ice
Mm, she's cold as ice
Mm, she's that one hot mama, that I love the most
She's cold, cold as ice
