

# Dance Like You Don't Care

Hanson

You're in my top ten  
I like the way you bend  
You're cooler than ice  
You don't have to pretend  
You can make the space jam  
Shake the walls around  
Somebody gonna trip we better get it locked down  
I'll be your swing man  
'Cause I like the way you stand  
Just looking at the room like you don't give a damn  
My heart starts racing  
Feel a rise in perspiration  
Gonna send an urgent message to the nation

If you wanna dance like you don't care  
Or jump in the air like a wild man  
Or just shake it off going solo  
This is your chance  
Let me see you dance like you don't care  
Dance like you don't care

I hear the downtown funk  
With the bass in the trunk  
There are no fees for admission  
We don't have to get drunk  
Don't need the high life  
We've got keys to the night  
Standing shoulder to shoulder  
Our hands waving high  
Singing ooh ooh ooh  
Ooh ooh ooh ooh  
Everybody knows the words  
Ooh ooh ooh ooh  
Ooh ooh ooh ooh  
And the Kool-aid is so good you have to taste it

If you wanna dance like you don't care  
Or jump in the air like a wild man  
Or just shake it off going solo  
This is your chance  
Let me see you dance like you don't care  
Dance like you don't care

Ooh ooh ooh  
Ooh ooh ooh ooh  
Everybody knows the words  
Ooh ooh ooh  
Ooh ooh ooh ooh  
And the party is so good that you can't escape it  
A shake and shimmy  
Don't have to cost a penny  
So change your plans and join an economy of living  
Have it sautéed  
Grilled or fileted  
We're cooking up a backbeat  
So pick up a plate  
To move is our mission

Gonna start a new tradition  
We've got love to spare that can heal your condition  
Don't need a dance floor  
Just turn it to 11  
Come on everybody let me see you steppin'

If you wanna dance like you don't care  
Or jump in the air like a wild man  
Or just shake it off going solo  
This is your chance  
Let me see you dance like you don't care  
Dance like you don't care  
Dance like you don't care
