

# Don't Hide Your Tears

Hanson

Watching you  
Watch the birds  
Wishing that  
You could go there too  
Let me be  
Your escape  
Every day I'll run away with you

I'll go where you want  
But don't hide your tears from me  
Say what you want  
But don't hide your tears from me

Don't waste away  
In summer dreams  
Of better days  
So far out of view  
Let me heal  
Your tragedy  
Turn your troubled heartbeat  
Red from blue

I'll go where you want  
But don't hide your tears from me  
Say what you want  
But don't hide your tears from me

Your secrets are safe with me

So go where you want  
But don't hide your tears from me  
Say what you want  
But don't hide your tears from me
