

Freak Out

Hanson

We're about to throw it down
I'm going to show you how
Take off that ball and chain
Turn off your weekday brain

We're going to give you proof
It's time to let it loose
I've been approved to say
It's time to play

Get down
Show me what you can do
Let go
Of what is stopping you
Get back
To what it's all about
Let me hear you sing
Let me hear you scream
Freak out

I don't want to bust your chops
I want to give you props
Because the way you strut your stuff
It makes my evening rough
It's time to liberate
It's time to set things straight
I want to hear you say
It's time to play

Get down
Show me what you can do
Let go
Of what is stopping you
Get back
To what it's all about
Let me hear you sing
Let me hear you scream
Freak out

It's a groove you cannot resist
My feet can attest to this

It's a groove you cannot resist
My feet can attest to this

It's a groove you cannot resist
My feet can attest to this

Watch me as I

Get down
Freak out

Get down
Show me what you can do
Let go
Of what is stopping you

Get back
To what it's all about
Let me hear you sing
Let me hear you scream
Freak out

Show me what you can do
Let go
Of what is stopping you
Get back
To what it's all about
Let me hear you sing
Let me hear you scream
Freak out
