

Get Out Of My Heart

Hanson

Get out of my heart
Get out of my mind
Get out of my bedroom
I don't want you tonight

You're making me smile
You're making me try
And you're making me hope and wish that we could be together
All over again

You can just take a look at yourself
Maybe then you'd see you should leave me in hell

Get out of my heart
Come down from my window
Cause you're giving me everything that I had ever wanted
And it's making me sick
Tell me baby

What do you want, what do you want?
What do you want?
Cause I just want you to

Get out of my heart
Get out of my heart
Just leave me in my misery

You should just take a look at yourself
Then you'd see you should leave me in hell
Oh yeah

You got into my heart
You got into my soul
Now all the walls I built around myself
Are all covered in holes

I can't get you out of my heart
I can't get you out of my heart
I can't get you out of my heart
I can't get you, get you out of my heart
