Happy

Hanson

Early in the morning
Put the coffee on and
Linger a while

Pull on my clothes
Slip on my shoes
And put on a smile

If you think you're gonna change me
Know
Nothing's gonna shake me

Because I'm feeling
Happy
Happy to be alive
When I get this feeling
It's something I can't hide

Because I'm feeling
Happy
Happy in my soul

And if you've got this feeling
Won't you let it show

Walking down the street
I can feel the sweet
The rhythm of life

Can't help myself
It makes me smile
Just like a child

But if you think you're gonna shake me
Know
That nothings gonna break me

Because I'm feeling
Happy
Happy to be alive
When I get this feeling
It's something I can't hide

Because I'm feeling
Happy
Happy in my soul

And if you've got this feeling
Won't you let me know

Coming up from your toes
You feel it in your bones
And then you'll know

Because I'm feeling
Happy
Happy to be alive

When I get this feeling
It's something I can't hide

Because I'm feeling
Happy
Happy in my soul
Just that feeling

That you can't control
Because you're feeling
Happy
