

# Milkshake Mondays

Hanson

Suddenly could it be happier than now  
And you might wonder how  
52 times a year my heart leaps with joy my friend  
While you're living for the weekend  
You hold on to Sunday (Sunday)  
And I look forward to milkshake Mondays

Frothy and milky and silky and dairy delight  
Creamy and dreamy new flavors non stop covered in whipped cream  
cherry on top  
Oh what a wonderful Sunday  
Oooh who would not enjoy milkshake Monday  
Ooh it makes everything better  
Clears up cloudy weather  
Could not agree  
Every day should be a milkshake Monday

When the weeks beginning  
I know something sweet is around the bend  
Frothy and milky and silky and dairy delight  
Creamy and dreamy new flavors non stop covered in whipped cream  
cherry on top  
Oh what a magical fun day  
Oooh who would not enjoy milkshake monday  
Oooh it makes everything better  
Clears up cloudy weather  
Could not agree  
Every day should be a milkshake Monday
