

## More To Love

Hanson

I don't mind seeing that you're filling out  
I'm not complaining there's more of you going around  
And I don't mind if you want to take all my sides  
I like you so much I think I like you super sized  
I know how hungry you are  
Cuz you've been watching your weight  
Jenny's gonna make you feel like a star  
If you don't die on the way  
Let me put my hand on the scale and say  
Eat a piece of cake  
It just means more to love to hold to  
Keep me warm at night  
Every pound of you is a little more to love  
Well I don't mind that you're not like the optimum weight  
You don't have to be fit to be premium grade  
And I don't mind that you want to take in the view  
Staying up late working on a quart or two  
I know how hungry you are  
Cuz you've been watching your weight  
Jenny's gonna make you feel like a star  
If you don't die on the way  
Let me put my hand on the scale and say  
Eat a piece of cake  
It just means more to love to hold to  
Keep me warm at night  
Every pound of you is a little more to love  
You got to work that waist  
Like you're working that plate  
If your circumference is great  
Then there's more to love  
And if you have to feel the burn  
Then for better or worse  
If you lose your curves I'll just  
I'll just feed you  
I'll just feed you in your sleep  
I don't mind that your clothes are getting tight  
To my eye baby they're finally fitting you right  
And I don't mind if you want to work out every day  
So that every week night I can take you to the super buffet  
I know how hungry you are  
Cuz you've been watching your weight  
Jenny's gonna make you feel like a star  
If you don't die on the way  
Let me put my hand on the scale and say  
Eat a piece of cake  
It just means more to love to hold to  
Keep me warm at night  
Every pound of you is a little more to love
