My Mind Is Exploding

Hanson

My mind is exploding
And maybe eroding
But I think it's imploding
My mind is eroding
And maybe reloading
I could be dying but I don't want to think about it
I know that you've been sneaking
Cuz I saw bigfoot sleeping in your bed
And it might sound creepy
But I'm watching you
(Watching you)

What did you have for dinner
Cuz I spelled Sigmund Freud in my Cheerios
I might be brilliant
Or a nut job

Somewhere deep inside my lobe
Something important has broke
And I keep thinking
But I know I should stop
(Stop in the name in love)

My mind is exploding
And maybe eroding
I could be crazy but I don't even know it
My mind is exploding
And maybe reloading

I could be dying but I don't want to think about it

I am a secret agent
Or am I?
I will take it to my grave
I bought this cabbage with a coupon
(25 cents off)

I know what you've been thinking
The TV set is so subliminal
The secret answer is a robot

Somewhere deep inside my lobe
Something important has broke
And I keep thinking
But I know I should stop
(Stop in the name of love)

Ohhhh

My mind is exploding
(My mind is exploding)
My mind is exploding
(My mind is exploding)

And I can't stop
And I can't stop
And I can't stop thinking

Can't Stop
And I can't stop thinking

(Stop in the name of love)
It hurts so bad
(Stop in the name of love)

My Mind
Is Exploding
It's starting to erode
It's growing
It's growing
It's going out of control
My mind is exploding
(Stop in the name of love)
My mind is exploding
(Stop in the name of love)
My mind is exploding
(Stop in the name of love)

It's gonna blow up
And cover you in brains

My mind
My mind
My mind
My mind is exploding
All over the place
