

Need You Now

Hanson

Your deep brown eyes
They watch me as I sleep
And long dark hair
That washes over me

Like a ray of sunlight
That warms me as I wake
'Cause I need you now

Nothing ever goes the right way
Got to live life day by day
Hearts will bind you, they're to remind you of
Where you stand

A freckled nose
That nudged me as I sleep
A heart of gold
That holds me as I dream

Tucked away in silence
But wake me when you come
'Cause I need you now

Nothing ever goes the right way
Got to live life day by day
Hearts will bind you, they're to remind you of
Where you stand

I'll never see you home
'Cause then I'd sleep alone
Each morning as I wake
The sun is always brighter when you stay
