

Only Love

Hanson

Well, I met a lost soul on my way home from Indiana
Just another proud man still hiding from the vow on his hand
With three mouths to feed he hit the road, chasing blue-
eyed horizons
And he left without a tear, without a word, no plans for coming
back
And only love, is gonna save us now

I have weaknesses, she sings, as her heart beats to the rhythm
of the saints
And she's running from the darkness and has dreams of getting o
ut of this place
So with a bang and a flash of light, she grabs a handful of bil
ls from the drawer of the cash man
Then she headed south without a care, without a clue didn't giv
e a damn
And only love is gonna save us now

Only love is gonna save us now
Only love is gonna save us
Only love is gonna save us now
Only love

I know all too well my demons, and broken dreams and running he
ad-long into false plans
I get bogged down in self-
doubt, dying inside, bleeding out yeah
So whether hipsters or holy rollers, we find ourselves holding
court on our knees
But broken won't define you, 'cause love can always find you

Only love is gonna save us now
Only love is gonna save us
Only love, it can save us now
Only love is gonna save us

Only love

Only love is gonna save us now
Only love is gonna save us
Only love is gonna save us now
Only love is gonna save us

Ooh, when you're lost inside the pain and doubt
When it's something that you just can't live without
It is something that you can't leave behind
Love is something you can give
Love is something you can find

Only love is gonna save us now
Only love is gonna save us now
