

## Reaching For The Sky (Pt. 2)

Hanson

As the boy grew to a man  
He built tall ladders to ascend

And those around him said with spite  
Risk of failure isn't worth the fight

But he never gave up power  
To the sound of fear or twist of fate

He didn't care how long it took  
I'll still be reaching on my dying day

'Cause I can't tell my heart don't try  
I'll keep reaching for the sky

I am reaching for the sky
