

Rock 'n' Roll Razorblade

Hanson

Watch me
Watch me
Watch me bleed rock and roll razorblade
Watch me bleed rock and roll razorblade
Razorblade

Rock and roll razorblade
It cuts so deep they failed to say
This rock and roll razorblade

Well there's nothing left in this town
For a rockerball rolling now

Rockerball had to find
A way to ease his rocker mind
This rockerball, he couldn't stay

'Cause there's nothing left in this town
For a rockerball rolling now
Well this rockerball's rolling round

You can watch me
Watch me
Won't you watch me bleed rock and roll razorblade
Watch me bleed rock and roll razorblade
Razorblade
Razor

Rockerball slipped away
On a bus to LA
He found a band
He had to play

They said, "take a breath, look around"
Well there's nothing left in this town
For a rockerball's brand new sound

Watch me
Won't you watch me bleed rock and roll razorblade
Watch me bleed rock and roll razorblade
Razor, razor
Watch me! Rock and roll razor
Watch me! Rock and roll razor
Watch me bleed rock and roll razorblade
Watch me bleed rock and roll razor
Watch me bleed rock and roll razor
Watch me bleed rock and roll razorblade
