

# Stronger

Hanson

I want to be, I want to be stronger

Everywhere I walk, just leave broken steps  
Don't know what's ahead, only what I've left  
Can't see forward, just see no way back  
Don't know what I have, only what I lack

But I long to be stronger than this  
But I long to be  
Stronger than this  
I want to be I want to be strong

Can't just tell my feet, to walk in their shoes  
'Cause every time I win, just feel like I lose  
I wouldn't break down and weep if I could choose  
It's like a nightmare I can't keep from suffering through

I long to be stronger than this  
I gave, more than, all I can give  
But I want to be, I long to be  
I long to be

We want to be, stronger  
Well we want to be, stronger  
We want to be, stronger

But I want to be stronger than this  
I gave, more than, all I can give  
I want to be, I long to be, I want to be  
Stronger
