

Sunny Day

Hanson

Have you been running out of places to hide?
Have you been looking for a reason to try?
Maybe it's just about time that you turn it around tonight
You gotta pack your bags and drive to a sunny day

Has the daily grind been taking its toll?
Are you sick and tired of everybody you know?
It's not a crime to take a little time and head on down the road
You gotta pack your bags and drive to a sunny day
To a sunny day

You gotta pack your bags and drive
You gotta to pack your bags and drive to a sunny day

Are you on a losing streak missing every chance to peek?
You turn around and all you see is grey
Sick of the run around
Here in this same old town
You gotta pack your bags and drive to a sunny day

Are you on a losing streak, missing every chance to peek?
Turn around and all you see is grey
Sick of the run around, here in the same old town
You gotta pack your bags and drive to a sunny day

You gotta pack your bags and drive
You gotta pack your bags and drive to a sunny day
You gotta pack your bags and drive
You gotta pack your bags and drive to a sunny day
