

# Trembling

Hanson

You're just a little bitty thing aren't yah  
But you hold a lot of power  
I put a sparkly little ring on yah  
And I'll give you all my hours

You've got me trem trem trembling  
When you smile just a little bit  
You've got me trem trem trembling  
When you smile just a little bit

With a little bit of good luck  
You make me feel I could be enough  
Like I could break every speed record  
Or maybe sing like a song bird

You've got me trem trem trembling  
When you smile just a little bit  
You've got me trem trem trembling  
When you smile just a little bit

I know that you've been afraid  
But you know I would give it all away  
I know I can face the day  
Causes your smiles got me  
Trem trem trem trem trem trem trembling

When you smile just a little bit  
You've got me trem trem trembling  
When you smile just a little bit

You make me believe again  
So I'll give you all my hours  
I know it's not pretend  
Cause you've got me  
Trem trem trem trem trem trem trembling

You've got me trem trem trembling  
When you smile just a little bit  
You've got me trem trem trembling  
Won't you smile just a little bit  
You've got me trem trem trembling  
When you smile just a little bit  
You've got me trem trem trembling  
Won't you smile just a little bit
