

Solo riding the star
Rebels to infinity
I reject all that you are

This black metal shines for me
Super Blitzkrieg demon ride
I stand upon this infamy

I curse you and your death machine
The übers bullets speak for me

Take me home
Wolf 424
Bring me back down
Down to the core

Once a rebel
Für immer ein Stern
Praise the outlaw
Hell! Amen!

Dark rift of the galaxy
True death and all it's majesty
The sund conjunct the world's on fire

Kontrol is now our destiny
Accelerate and don't look back
The Blitzkrieg now is on the track
Bruised in battle give me more
Irönstar Outlaw

Take me home
Wolf 424
Bring me back down
Down to the core

Once a rebel
Für immer ein Stern
Praise the outlaw
Hell! Amen!

Fukken legends to the core
Irönstar Outlaw
