

Anthem

HAON

First things first gotta brush my teeth
Sun goes up, checking on my to-do list
Nan deo wonhaji igeol yeah I'm gonna work
I'm so grateful that I'm living it right here
I'm so turned up on my morning playlist
When I'm looking in the mirror nuguji i sexy boy
God is good, God is great
When I do a stretch, He gives me five

I got it all, I got it all
I was too young to say adios
Mareul deureonne machi Simon says
Machi malhaneun daero

Tteutgin dallyeogi badage
Huhoehal sigane peurotineul jeonjareinji ane
Utgin yaegil deureun deusi smiling
Dareun sarameun mollado nareul sogil sun eopgie
Pain is my bestie naega uyumyeon neseukwik
Pihagon haetji gwaenhi siltago sweet things
Now I drink a liter
Duryeoumeul ileun mameuro georeo danineun gibuneun invincible
Breath in breath out
Feeling alive
Read it, write it
Look up search for it
Sing it, say it, always on record
Did it again love myself
Nuga eopdae muhandongnyeok gajigo

Feel so fresh in the morning
Beating my chest and singing my anthem
Mmm
It's me, anthem
It's me, anthem
I'mma keep my head up
You never can say some
Talking to a champion
You and me and they know
Mmm
It's me, anthem
It's me, anthem

I got it all I got it all
