

## Fat Lady Wrestlers

Happy Mondays

I just got back from a year in the sack  
It must've been somethin' I'm eatin'  
I just got back from a year away  
It's down to somethin' you're drinkin'

You've been seen, you've been seen, you've been seen, you've been seen  
You've been seen, you've been seen, you've been seen, you've been seen  
You've been seen, you've been seen, you've been seen, you've been seen  
You've been seen, you've been seen, you've been seen, you've been seen

You've been with fat lady wrestlers  
And Germans in trenches  
And teachers who speak to themselves  
Snide sneak corner, and baby beat a pauper  
Peasants who eat from the road

I just got back from a year away  
Must've been somethin' I'm drinkin' somewhere  
I just got back from a year in the sack  
It's down to somethin' you're eatin'

You did work, you did work, you did work, you did work  
You did work, you did work, you did work

You did work, you did work, you did work, you did work  
You did work, you did work, you did work

You did it with fat lady wrestler  
And Germans in trenches  
And teachers who eat on their own - sometime  
Snide sneak corner, baby beats a pauper  
Gypos that steal from their own

Just got back from a year away  
It must've been somethin' I'm drinkin' somewhere  
Just got back from a year in the sack  
Did you suss the clowns that you're meetin'?

You did work, you did work, you did work, you did work  
You did work, you did work, you did work

You did work, you did work, you did work, you did work  
You did work, you did work, you did work
