

# Big Dreams, Big Life

Happy Rhodes

Ooh it gets harder and harder every day  
To remember how I used to be, and how this came my way  
If I could drift on backward, I'd keep events the same

Big dreams, big life. Big dreams, bigger life.  
And I have realized that it goes this way  
Yes, I have realized that I go this way

Way back then I could be afraid  
But if I want to move along, this is the bed I've made  
Don't want to beat this system, it brings me Happiness

Big dreams, big life. Big dreams, bigger life.  
And I have realized that it goes this way  
Yes, I have realized that I go this way

I go this way  
I go this way
