## **Step Inside**

## **Happy Rhodes**

All's quiet now Step inside, step inside

All's quiet now Step inside, step inside My mind Experience the other side

I'm crying now Step inside, step inside I'm crying now Step inside, step inside My mind Experience the other side You're never safe in this atmosphere Do you want to be? You could be trapped inside of me Do you want to be? Are you alone? Step inside, step inside All alone? Step inside, step inside My mind Experience the other side

You're never safe in this atmosphere Do you want to be? You could be trapped inside of me Do you want to be?

Easily frightened?
Step inside, step inside
Easily frightened?
Step inside, step inside
My mind
Experience the other side
