

# Good for Nothing

Hard-Fi

The man who lives upstairs is on a mission  
He just talk he never listen  
He just talk he never listen  
And he complains, complains about my love of music  
Says it's too loud and he hates it  
He don't like me cause I don't fit  
I said I don't care, don't care what you think about me  
Me and my friends at least we're happy  
Tell me are you happy?

What are you good for?  
Tell me what you're good for?  
You're good for nothing hey, you're good for nothing

I'm good at wasting my time, fucking up my life  
Hanging out, you know I'm the best waste of space about  
I'm good at drinking too much, flicking ash in a paper cup  
But I don't come cheap, I'm good for nothing I can't be beat  
No no, good for nothing, no no  
No, no, bueno para nada

Over at the nightclub, the club night doorman has a problem  
Smart shoes only, I ain't got none  
He says shoes or in you don't come  
As if it's not right, I don't cause trouble and I don't fight  
Just want fun dancing all night, all night

What are you good for?  
Tell me what you're good for?  
You're good for nothing hey, you're good for nothing

You keep me up all night, you know it's much too loud  
Get a job, get a lot and what are you good for?

I'm good at wasting my time, fucking up my life  
Hanging out, you know I'm the best waste of space about  
I'm good at drinking too much, flicking ash in a paper cup  
But I don't come cheap, I'm good for nothing I can't be beat  
No no, good for nothing, no no  
No, no, bueno para nada

Come down take a seat, life's hard but don't take it out on me  
For your criticize  
Take a long hard look at yourself  
You're just a screw up like everyone else  
And I feel bad for you

I'm good at wasting my time, fucking up my life  
Hanging out, you know I'm the best waste of space about  
I'm good at drinking too much, flicking ash in a paper cup  
But I don't come cheap, I'm good for nothing I can't be beat

I'm good at wasting my time, fucking up my life  
Hanging out, you know I'm the best waste of space about  
I'm good at drinking too much, flicking ash in a paper cup  
But I don't come cheap, I'm good for nothing I can't be beat  
No no, good for nothing, no no

No, no, bueno para nada
