

Don't Mean Shit

Hardcore Superstar

Never run out of aggression
My sweet obsession
I'm ready to break a living mistake
I swallow and I wonder
How much I can take

A crucifix around your neck I see
Don't mean shit to me
No more fakes
A walking disgrace to me

A madman's all you need
A tainted smile I see
Add some good ol' greed
You don't mean shit to me

A crucifix around your neck I see
Don't mean shit to me
I'm ready to break a living mistake
I swallow and I wonder
How much I can take

A madman's all you need
A tainted smile I see
Add some good ol' greed
You don't mean shit to me
