

Forever and a Day

Hardcore Superstar

You fire the gun
To kill my fun
Who I used to be is dead and gone
You're like a disease
I shiver and freeze
When you come around

I've got the pleasures of sin
Burnt into my skin
Got a life to live and you don't fit in
I'll never conform
Or bend to the storm
I will not back down

Forever and a day
To change my mind
You just have to wait
And stand in line
I don't wanna waste my time
Forever and a day
Forever and a day!

This is the way that I am
I guess you don't understand
Let me tell you dear, I don't give a damn
I never pretend
Resist 'til the end
I will stand my ground

Forever and a day
To change my mind
You just have to wait
And stand in line
I don't wanna waste my time
Forever and a day
Forever and a day

You fire the gun
To kill my fun
Who I used to be is dead and gone
I never pretend
Resist 'til the end
I will stand my ground

Forever and a day
To change my mind
You just have to wait
And stand in line
I don't wanna waste my time
Forever and a day

Forever and a day
To change my mind
You just have to wait
And stand in line
I don't wanna waste my time
Forever and a day

I don't wanna waste my time
I don't wanna stand in line
I don't wanna waste my time
Forever and a day
Forever and a day
Forever and a day
Forever and a day...
