

Goodbye

Hardcore Superstar

You know what we must do
Goodbye so long to you
You know what we must do
Goodbye so long to you

Goodbye to all of you
Nothing left to do
We gotta knock it off
It's time for us to stop the show
From all of us to you
Goodbye to all of you

Well, I wanna shine a light on you
Gonna sing my song
Gonna bleed for you
I'll be damned if I don't do
Wanna thank u all
And bless you to
Wanna thank you
And you and you
And you and you and you
God bless you

Goodbye to all of you
Nothing left to do
We gotta knock it off
It's time for us to stop the show
From all of us to you
Goodbye to all of you

Goodbye to all of you
Nothing left to do
Goodbye to all of you
Goodbye to all of you

Goodbye to all of you
Nothing left to do
Goodbye to all of you
Goodbye to all of you
