

## Last Forever

Hardcore Superstar

So you say you want to dance  
I say forget it babe  
Well it's time to draw the line  
By the crack of dawn

I'll set you free  
There's no guarantee  
I want to feel  
Want to make you bleed  
The only one is the lonely one  
I can't control this all alone

You have to pay to change my mind  
Another day  
We'll last forever

I take you on  
I won't leave you alone  
I take you down the only road I've ever known

I'll set you free  
There's no guarantee  
I want to feel  
Want to make you bleed  
The only one is the lonely one  
I can't control this all alone

You have to pay to change my mind  
Another day  
We'll last forever

I'll set you free  
I'll set you free  
The only one  
The lonely one  
Make you bleed, bleed, bleed, bleed, bleed, bleed,  
bleed!!!

I'll set you free  
There's no guarantee  
I want to feel  
Want to make you bleed  
The only one is the lonely one  
I can't control this all alone

Pay to change my mind  
Another day  
We'll last forever

Pay to change my mind  
Another day  
We'll last forever

Paaaaaaaay!  
Another day  
We'll last forever
