

# Need No Company

Hardcore Superstar

Has anybody seen my baby  
She left when I talked to this lady  
Nothing's true  
Nothing to do  
Would you like me to kill you

When I, when I glow  
You mean streak shows  
I don't, I don't know  
So here I come

I don't need no goddamn company  
Oh no  
I don't want some pig to lecture me  
Let me glow

Two-faced witch kept me up all night  
No wish to make it right  
What I've seen  
Not pure  
Not clean  
Fits me perfectly
