

Nervous Breakdown

Hardcore Superstar

Does it nothing to madness
The only way to hide in sadness
I'll come around when you need me
I'm getting better believe me
Ohhhhh! Wooooooh!

I don't care what they say
A holiday in my way
Not getting better believe me
I'll come around when you need me

Nervous breakdown on
New year's Eve
With no dignity, see?
See the real me
A toast to my lunacy
Ohhhhh! Wooooooh!

Is such a naif to cease
My mind can come with going please
We hide from reality
Nothing for me no company

Nervous breakdown on
New year's Eve
With no dignity, see?
See the real me
A toast to my lunacy

Nervous breakdown on
New year's Eve
With no dignity on
New Year's Eve
Does it nothing to madness
on New year's Eve
Not getting better believe me
on New Year's Eve
Yeaaahh!
Ohhhhhhhh!
