

Touch the Sky

Hardcore Superstar

Something a grow ina me pillow
When we fall asleep
We don't now
We a count from 10'
Close me eye
An hope me nah go mek zero

Di witch is out no waan me near her
Di shadow ina me room get clearer
Count down from ten
Me close me eye
It a me dream a me nah fear her

In my dreams I'll never die
In my dreams I fly
Don't wake me up before I've
Touched the sky

Outside my dreams I hear them calling
They want me back, they want me crawling
I count down ten, close my eyes
It's in my dreams I see them falling

In my dreams I'll never die
In my dreams I fly
Don't wake me up before I've
Touched the sky
