

We Belong

Hardline

Was it something I said that made you smile
Did it live inside your head awhile
Does it travel along your every mile
That's the way I want it to be

Does it interrupt and take you out
Can you see exactly here and now
Will it bring you to the peace somehow
That's the way I want it to be
It's going through me

Never alone
Whether I'm home or on my way
Do right or do wrong
I am right here inside this song
And I can take you there
And never leave you alone
Right where we belong

Was it something I said that made you cry
Did it live inside your head or die
Does it mean all things I really tried
That's the way I want it to be

Do you hear my voice on your darkest night
Stumble and fall on your every mile
Can I bring back the peace and bring back your smile
That's the way I want it to be
It's going through me

Never alone
Whether I'm home or on my way
Do right or do wrong
I am right here inside this song
And I can take you there
And never leave you alone
Right where we belong
Where we belong

Where we belong

Let me take you there
And never leave you alone
Right where we
We belong
