

Make The World Ours

Hardwell

Consistency is power, power, power...
Let's make the world ours!

We are never alone
We are eternally connected with everyone
The destiny of mankind is to unite, not to divide
A new day is rising
Where there's unity, there's always victory
Consistency is power
Let's make the world ours!

Consistency is power
Let's make the world ours!

Consistency is power, power, power...
Let's make the world ours!
