

# We Are One

Hardwell

When you're cold and you're broken  
Like you're lost at the sea  
Follow me in this moment  
And be free

So don't look down you gotta wait  
Don't worry now we can escape  
When you don't know how to go alone  
We're stronger now than on our own, oh oh

We could change the world tonight, oh tonight  
If we are one  
Cause we can change the dark to light, oh to light  
If we are one

Woah oh oh oh oh oh  
Woah oh oh oh oh  
If we are one

When you're cold and you're broken  
Like you're lost at the sea  
Follow me in this moment  
And be free

So don't look down you gotta wait  
Don't worry now we can escape  
When you don't know how to go alone  
We're stronger now than on our own, oh oh

We could change the world tonight, oh tonight  
If we are one  
Cause we can change the dark to light, oh to light  
If we are one

Woah oh oh oh oh oh  
Woah oh oh oh oh  
If we are one

If we are one  
Woah oh oh oh oh oh  
Woah oh oh oh oh  
If we are one
